

SYMPOSIUM

20 Years GeoBio-Center^{LMU} – Past, Present, and Future

Friday, October 21, 2022
starting 15.00

Lecture hall („Großer Hörsaal“)
Botanical Institute
Menzinger Str. 67, Munich

Program

15:00 Welcoming notes

- **Prof. Dr. Gert Wörheide** (Speaker GeoBio-Center^{LMU})
- **Prof. Dr. Oliver Jahraus** (Vice President for Teaching and Studies LMU)
- **Prof. Dr. Joris Peters** (General Director Bavarian Natural History Collections - SNSB)
- **Prof. Dr. Dario Leister** (Dean Faculty of Biology LMU)
- **Prof. Dr. Claudia Trepmann** (Dean Faculty of Geosciences LMU)

15:30 – 16:00

Prof. Dr. Gudrun Kadereit (Chair of Systematics, Biodiversity and Evolution of Plants LMU):
Plant evolution in arid environments

16:00 – 16:20

Prof. Dr. Christian Wild (Univ. Bremen; Emmy Noether Group Leader 2006-2010):
Reef engineers under rapid environmental change

16:20 – 16:40

Prof. Dr. Richard Butler (Univ. Birmingham; Emmy Noether Group Leader 2011-2013):
New insights into the Triassic rise of dinosaurs and their kin

— Coffee —

17:00 – 17:20

Prof. Dr. Christine Böhmer (Univ. Kiel; Marie-Sklódowska-Curie PostDoctoral Fellow 2020-2021):
Animal athletes - Organismal form and function from an evolutionary perspective

17:20 – 17:40

Dr. Sebastian Höhna (LMU; Emmy Noether Group Leader since 2019, ERC Starting Grantee 2022):
What causes changes in historical biodiversity?

17:40 – 18:00

Dr. Gonzalo Gomez (LMU; Emmy Noether Group Leader since 2022):
Ocean deoxygenation effects on dissolved organic matter sequestration in a changing ocean

18:00 – 18:20

Natalie Barbosa (Project AlpSenseRely):
Development of early warning systems for climate-induced alpine hazards

From 18:30

– Social with food & drinks –

Attendance is free, but registration required by email before October 7 at GBC20Y@palmuc.org
